Part # GGPPS

PPS Paint Sealant – 2 part kit

- Used for metal, gel coat, and fiberglass surfaces
- Step #1 will remove dirt, grease, industrial fallout and other wash residue while Step #2 protects against acid rain, bird droppings, bug damage, tree sap, UV rays, etc.
- Can be used on new or older surfaces
- Step #1 creates a positive charge on the painted surface and the Step #2 actually fuses PTFE resins to the painted surface

Sizing: 59ml , 118ml, 237ml and 500 ml

Part #GGFA

Fast Action Compound

- Removes surface imperfections from paint finishes and clear coats
- Can be used on new or older surfaces
- Works great on highly oxidized finishes
- Removes acid rain stains, orange peel, overspray, sandpaper scratches and irregularities
- Contains no waxes, no silicones and no crystalline silica

Sizing: 237ml and 500ml

Part #GGLC

Leveling Compound

- Removes surface imperfections from paint finishes and clear coats
- Can be used on new or older surfaces
- Works great on highly oxidized finishes
- Removes acid rain stains, orange peel, overspray, sandpaper scratches and irregularities
- Contains no waxes, no silicones and no crystalline silica

Sizing: 237ml and 500ml

Part #GGOSP

One Step Polish

- Used for metal, gel coat, and fiberglass surfaces
- Adds a brilliant finish and gives a "wet look" for up to 6 months
- Removes minor swirl marks
- Can be used on new or older surfaces

Sizing: 237ml and 500ml

Part #GGQC

Quick Clean Solution

- Used for metal, gel coat, and fiberglass surfaces
- Removes light dirt, debris, bird droppings and smudges between regular washes
- Used as a lubricator in conjunction with the Clay bar
- Can be used on new or older surfaces
- Do not use in direct sunlight and do not dilute
- Will not scratch or leave marks

Sizing: 237ml and 4 Litre

Part #GGCBC

Certified Biodegradable Wash & Cleaner

- Used for metal, gel coat, and fiberglass surfaces
- Environmentally friendly
- Removes stubborn dirt residue and road film buildup
- Can be used on new or older surfaces
- Will not harm the finish, streak or spot

Sizing: 500ml and 20Litre

Part #GGCL

PPS Cleaner

- Used for metal, gel coat, and fiberglass surfaces
- Brings back the gloss when detergents and road film buildup for up to 1 year
- Can be used for spot removal of tree sap, bird droppings and stubborn stains
- Can be used on new or older surfaces

Sizing: 118ml, 237ml and 500ml

Part #GGCB

Contaminant Removal Clay Bar

- Truly cleans and smoothes the painted surface by removing contaminants with ease
- Used for metal, gel coat, and fiberglass surfaces
- Removes industrial fallout, acid rain deposits, tree sap, brake dust, bug residue, tar, etc.
- Used in conjunction with the Quick Clean Solution so that it will not scratch or leave marks
- Can be used on new or older surfaces
- Unique elastically deformable product that can be folded into itself for repeated uses

Sizing: 60gm bars and 80 gm bars

Part #GGCLK

Contaminant Removal Kit

- Truly cleans and smoothes the painted surface by removing contaminants with ease
- Used for metal, gel coat, and fiberglass surfaces
- Removes industrial fallout, acid rain deposits, tree sap, brake dust, bug residue, tar, etc.
- Contains Quick Clean Solution, clay bar and trigger sprayer
- Can be used on new or older surfaces

Sizing: 237 ml and 60gm bars OR 4 Litre and 180gm bar

Part #GGPMK

Paint Maintenance Kit

- Contains everything you will need to maintain your vehicles painted surface
- Packaged for retail shelves
- Includes: 1-Micro applicator pad, 500ml Balanced pH Car Wash Soap, 237ml Quick Clean Solution, 118ml PPS Cleaner, 1 Micro towel

Sizing: 8X8 per clamshell

Private Label available for orders of 50+

Part #GG46-576

Cutting Pad (yellow)

- 7" heavy cut foam pad
- Works well on any condition Fiberglass and gel coat surface
- Velcro style backing

Sizing: large

Part #GG46-676

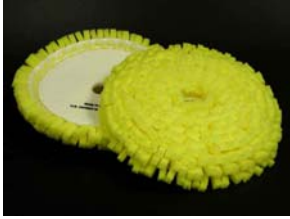

Polishing Pad (white)

- 7" heavy cut foam pad
- Works well on oxidized or badly scratched surfaces
- Will remove wet sand marks better than wool
- Velcro style backing

Sizing: large

Part #GG46-776

Part #GG45-508

Part #GGAG1&2

Part #GGI

Part #GGDW

Tire Gloss

- Used for exterior of tires
- Gives your tires that shiny gloss look after washing
- Can be used on new or older surfaces
- Just wipe on and leave to dry
- Easy to apply with a slight cherry smell

Sizing: 118ml

Leather / Vinyl Protectant

- Used for interior of vehicles on leather / vinyl material only
- Will help prevent staining of material if liquids are removed quickly
- Can be used on new or older surfaces
- Non toxic, Non-hazardous and non-flammable
- Easy to apply with no odour

Sizing: 118ml and 1.89 Litres

Fabric Protector

- Waterbased formula used for interior of vehicles on soft absorbent material only
- Will stop the staining of material if liquids are removed quickly
- Can be used on new or used surfaces
- Easy to apply, odourless and colourless

Sizing: 500ml and 20 Litre

AquaGard 1 part Glass Treatment

- Provides clearer vision at night and in the rain
- Water is forced away with the air stream
- Long lasting (up to 1 year or 60,000 km)
- Fast and easy to apply

Private Label available at an extra charge

Gun-it Stain Remover and Deodorizer

- Ideal for common stains in your vehicle or home
- Works great to remove: coffee, tea, food grease, juice, body oils, ketchup, mustard, chocolate, beer, liquor, red wine, baby spit-up, feces, urine, blood, soil, rust, bugs, grass stains, skunk, fish, tobacco, food waste, mold, mildew and more
- Can be used on new or used surfaces
- No harmful acids and no chemical residues

Sizing: 237ml and 500ml

Paint Maintenance Drywash with PTFE

- Allows you to clean your vehicle between regular washes
- Will not streak or scratch the surface unlike other competitor products
- Prevents the buildup of dirt and other contaminants that can collect on your vehicles painted surface making it appear dull
- It leaves a protective coating with a "just polished" finish

Sizing: 500ml

Part #GGORB

Heavy Weight Orbital Buffer

- Heavy duty orbital buffer
- 8kg/16lbs in weight and gives the most consistent pattern
- Operates at 1700rpm, will not burn paint
- No brushes or gears to wear out
- Motor 100V and Amps 2.3 @ 110V

Part #AC2JEP

Compounding Buffer

- Wide speed range (0 – 3000rpm)
- Fast and powerful
- Lock on button and dial speed control
- Electronic speed control maintains constant speed under load

Part #AC2GROR

Lightweight Orbital Buffer

- Lightweight orbital buffer
- 1kg/2lbs in weight
- Adjustable speed (2500 – 6000 oscillation)
- 3.7 amps @ 110V motor

Part #AC2BA

Undercoating Gun

- Adapts to 1 Litre size bottle
- Just point and spray
- Simple and reliable
- Cost effective

Part #AC2PGS

Rust inhibitor Gun with Wands

- Recommended for high volume shops
- Most reliable
- Includes 3 wands and regulator
- Will spray most rust prevention products

Part # GG4N / #GG4SWB

Permanent Rust Prevention and Undercoating Products

- Available in 1 litre, 60 litre and 205 litre sizes
- Permanent black undercoatings available
- Permanent amber rust preventions available
- Annual oil sprays available

Sizing: 1 litre and 60 litre

Part # GGRVPL

Annual Rust Prevention

- Available in 1 litre and 60 litre sizes
- clean with no dripping to protect their driveways and parking lots
- low odour so that there was no residue left in the vehicle's interior
- environmentally friendly
- proven to work year after year

Sizing: 1 litre and 60 litre

Part # GGEPP123

Environmental Protection Package

- Package has all you will need to protect your vehicle inside and out
- Contains: 1 Gardian Electronic Anti-Corrosion modules for a 4 door sedan, 1 - 500ml bottle of Fabric Protector, 1 – 118ml bottle of Leather/Vinyl Protector and 1 – 59ml kit of PPS Paint Sealant

Part #GGE01

Gardian Electronic Anti-Corrosion Module

- For midsize vehicles
- Easy to install
- Impact resistant and completely harmless to your family and the environment
- Advanced technology that reduces electricity effects like car sickness and static zaps
- Note: #GGE01-HD is required for larger vehicles & #GGE01-LW is required for small vehicles and motorcycles

Sizing: regular 4 door sedan, heavy duty truck and lightweight motorcycle

Part #GGRP

SurfaceScience Tire and Rim Kit

- Kit has all you will need to clean and protect your wheels
- Brake dust contamination, corrosion and weathering can be prevented with regular care, but the everyday maintenance involved is tedious, time consuming and usually expensive
- Tire and Rim Protection forms an ultra thin, invisible protective film that prevents the burning in of brake dust and dirt
- Your rims can be cleaned faster and easier.
- It gives lasting protection against weather and environmental conditions such as dust, dirt water, road salt and tar and lasting preservation of the light metal rims with the "anti-aging effect"
- Includes Rim Cleaner & Protector, Tire Gloss, Micro Applicator pads and Micro Towel

Part #GOGOPAXX

GoGo Paxx Foils

- IMPRESSIVE VALUE in a "4 pack " handout that includes: 2 hand sanitizers (timely with current health issues), 1 dashboard cleaner, 1 glass cleaner
- SHARP, PROFESSIONAL image building with GoGo Paxx attractive packaging
- GREAT CUSTOMER LOYALTY item or value added promotion for Service and Sales Departments in addition to retail sales
- **CUSTOMIZED LOGO and colour options for your company's unique message**
- EXCELLENT opportunity to "GET YOUR MESSAGE OUT" and promote your business at a **minimal** cost – no prospective client needs to leave empty handed
- FLEXIBILITY with variety of product options and low production requirements
